our neighborhood on Friday and played loud explicit (F-bomb) music for multiple hours (it is unclear if he was invited by a resident as no one has claimed responsibility). The teenagers (both black and white) were being brought into our neighborhood by the carload because the DJ was tweeting out invites to a "pool party" for $15 (obviously unauthorized by our neighborhood). The teens began fighting with each other and pushing their way into our private pool. Some were jumping our fence. The security guard was accosted when he tried to stop the beginnings of this mob scene. Some residents who live around the park/pool area tried to come out and settle things down. The teens started yelling racial slurs at our neighbors and started assaulting people and property (throwing bottles at cars and attacking a mother at the pool with 3 young children). The first officer on the scene was by himself. At that time, the party had grown to a large, aggressive crowd. As the officer arrived, many teens started running through our

this story. The video being distributed is only a very small segment of what happened. This information being distributed by the media and others is extremely distorted and in some cases outright lies.

PLEASE HELP US STOP THE BROADCASTING OF THIS IGNORANCE. The media is trying to make it look like our neighborhood is a white's only, racist area. Anyone who has spent even a few minutes in our area knows this is an outright LIE.

The unfortunate result is that our neighbors are now being threatened. We have also had cars and property in and around the park area vandalized this weekend. Unfortunately, the press and social media are trying to enflame the situation.

I am asking for your help for my family and my neighbor's safety...PLEASE, PLEASE do not rebroadcast any of these lies.

The Patriot Guard already plans on being there, but I'm in contact with someone who has had a peaceful rally against them in the past, and she is organizing blocking them in Council Bluffs, and would like us to cover Omaha's side.
> What we need, and quickly, is enough White sheets to line 3 city blocks, about 50 sheets, and 100 2x4's to connect them to. I will purchase what isn't donated, but if you have sheets or 2x4's to donate, please contact me ASAP.
>
> We also need as many people as we can to hold up this wall, you'll have to be able to stay cool, the purpose of this wall is to keep Kerrie's family from seing the hatred. I know we have enough friends and family to get this together!!
